PROJECTS

- ❖ **Tour & Travels:** Using HTML, CSS, JavaScript, Bootstrap, JQuery
Our Tour & Travels website specializes in creating personalized travel experiences that cater to your unique interests. We handle every detail, ensuring a seamless and stress-free journey from start to finish
- ❖ **Learning Platform Website :** Using HTML, CSS, Bootstrap
A learning platform website is an online hub that offers educational courses and training resources. It features video lectures, interactive assignments, and discussion forums, allowing users to learn at their own pace. The platform often includes tools for progress tracking and certification.
- ❖ **Currency Converter Website :** Using HTML, CSS, JavaScript
A currency converter website provides a tool for users to quickly convert one currency to another using real-time exchange rates. It's essential for travellers and businesses dealing with foreign currencies, offering accurate and up-to-date conversion information to facilitate financial transactions and budgeting.

ACHIEVEMENTS

I got 1st Position in Agile Activity and my role was scrum master.
